

Report to the Kentucky Library Association Board
Member Services Committee
Lexington, Kentucky
March 3, 2012

The Members Services committee is beginning work on developing a KLA Professional Development/Continuing Education program. The objective would be to offer a monthly professional development course, which would be delivered via online meeting software. The group will discuss a possible schedule, offerings, logistics, etc. for the program, as well as create a calendar that could be passed on from year to year.

Ideally, this would be an annual program that would offer our members a chance to continue their education and get credit towards certification and/or school PD requirements. The sessions could also be archived for later viewing to benefit all members, not just those available during the originally scheduled timeslot.

The committee will provide a fuller report on this project for discussion at the June meeting.

Respectfully submitted,

Betsy Hughes, Chair
Member Services Committee
